

Therafit plus

PERKS UP TIRED LEGS

Taking the turns at mind-boggling speeds with your co-pilot, you pedal your way to fitness, a fun and healthy trip for both of you.

MEDICOTECH

TOGETHER FOR A LIFE IN MOTION

HE WHO RESTS WILL RUST!

FITNESS ANY TIME ANYWHERE.

Give your body the daily exercise that it needs. Even during stormy and snowy days you will be able to keep yourself fit with gentle leg- and upper torso training. And all this while watching TV, Reading a book or listening to some music.

HEALTHY MOTION.

THERA-fit is recommended for:

- heart-/ circulation problems
- arthritis
- parkinson's disease
- stroke rehabilitation
- MS
- Lethargy

INCLUDE EXERCISE IN YOUR DAILY ROUTINE

It is up to you when and where you do something for your fitness. You had a busy day? No problem, THERA-fit plus helps you to relax.

THERA-fit plus ...

Is a therapeutical exerciser for active and passive (motor-powered) exercise of the arms and legs. With the easy infra-red remote control the device can be set on/off, you can adjust direction of rotation, speed and brake resistance. THERA-fit plus is powered by an almost silent electric motor. An automatic stop safety feature will protect the user i.e. in case of spasm.

THERA-fit ...

Is the low-cost exerciser for active muscle exercising. The stepless adjustment of braking power is easy to adapt to your individual fitness. The training computer will show you what you have achieved. Foot-rests and therapy grips are included in the basic equipment like in THERA-fit plus.

Stable due to the strong metal frame

Foot-rests and therapy grips are included in the basic equipment.

Direction of rotation, speed and resistance are adjusted by the infra-red remote control.

THERA-fit plus exercisers are small, handy and light-weight.

THERA-fit and THERA-fit plus are available in 2 colours:

THERA-fit plus
with motor and remote control

THERA-fit
the inexpensive active trainer
